FORD RANGER  NEW ZEALAND  
**RURAL  GAMES**

RuralSupport

Manawatu Rangitikei Rural Family Support Trust was established to support farming families when times on the farm or within the family are tough.

This can include personal mental wellbeing, family relationships, farming difficulties, employment relationships, animal welfare concerns, financial difficulties and adverse climatic events and biosecurity incursions.

The Trust is there to help farming families and their community to recover from these challenges and build personal resilience. Come together for a game of golf whilst contributing to our annual fundraising needs.
